TLE's Bucket List

Before you begin...

As we look toward TLE's future, we'd like to get you thinking about the possibilities ahead. **TLE's Bucket List** is a collection of goals, dreams, ideas, and milestones we would love to achieve by 2031. As recent plans, projects, accomplishments, and future opportunities were reviewed, several themes emerged. These themes will help guide our conversations at the retreat. They are not final. Together, we'll explore whether they reflect the future we want for TLE—and whether anything is missing. No preparation is required. Just come ready to share your ideas, experiences, and aspirations for TLE's next chapter.

What do we want to fill our bucket with over the next five years?

DREAM BIG: If there were no barriers, what would you love TLE to accomplish by 2031?
MAKE A DIFFERENCE: What change would have the greatest impact on learners, volunteers, families, or the community?
THINK FORWARD: What opportunity should TLE pursue over the next five years?
BUILD A LEGACY: What would make you proud to say: "We accomplished that."
